

European Agroforestry Federation

You might have thought...

what are the benefits of joining EURAF?

1. Network and Community Building:

- Access to a diverse community of agroforestry professionals active in Europe and beyond
- Opportunities to build partnerships
- Potential for increased visibility and recognition in the field

2. Knowledge and Information Sharing:

- Access to the latest research and best practices in agroforestry
- Opportunities to share and exchange knowledge and experiences with other members
- Access to training and educational opportunities

3. Policy and Advocacy:

- Direct exposure to EU policymaking processes
- Opportunities to represent EURAF in stakeholder meetings
- Direct contact with European policymakers (e.g. European Commission, Parliament)

4. Funding Opportunities:

- Access to funding opportunities for agroforestry research and projects
- Information about funding sources and application processes
- Opportunities to partner with other members on funding proposals.
